

## Guidelines for Submitting Pictures of Weeds

### Hardin County Extension Office

When submitting photographs for identification please submit clear, closeup photographs of plant. Below are examples of how to obtain the best picture possible to aid in the identification process.

Photo 1- Provides no closeup

Photo 2- Good closeup

Photo 3- Best closeup

Please respond to this email, or email pictures to [katie.pace@ag.tamu.edu](mailto:katie.pace@ag.tamu.edu)

### In your email include:

1. Management goals (i.e., cattle, recreation, wildlife)
2. Size of yard and percentage covered in weed
3. Do you know what type of grass you have?

**Note:** While we will work to help find a suitable solution to your problem, we will only suggest active ingredients in herbicides to use. We will not suggest brand names.
